

Brain Detective

 **Green Level: More Support**

Name: _____ Date: _____

My Brain Makes Guesses

Your brain is really smart! It looks at things and makes **guesses** about what they are. Sometimes the guesses are right. Sometimes they're wrong. That's okay!

Big Idea: My brain tries to help me by guessing. But I should check before I decide!

I Can Read Scrambled Words!

Look at this sentence:

"I cna raed tihs!"

Could you read it? Your brain *predicted* what the words should be!

Check Before You Decide

Circle the good ways to check:

- ☐ Look closer
- ☐ Ask someone
- ☐ Think about it more

Draw It!

Draw a time when you should check before deciding:

Draw your picture here

When Should I Check?

Here are times when I should be a Brain Detective:

- ☐ When I think someone took my things
- ☐ When I think someone is being mean
- ☐ When I think I lost something
- ☐ When I'm not sure what I see

Draw Another Time!

Draw another time when you can be a Brain Detective:

Mini Museum Fun!

People loved eye tricks over 100 years ago too! At the Mini Museum, you can see old cards that change when you move them!
