

Harlem Renaissance Library

Grades 6–8 • Activity Card

● Yellow Level

Name: _____ Class: _____

The Harlem Renaissance produced extraordinary work — but it happened against a backdrop of systemic injustice. Understanding why the Renaissance matters requires understanding both what was created and what it was created in response to.

ACTIVITY 1: SOURCE ANALYSIS

Find one **primary source** (a poem, story, or image by a Harlem Renaissance artist) and one **secondary source** (a book *about* the Harlem Renaissance) in the library:

Primary: _____

Secondary: _____

What can each source tell you that the other cannot?

ACTIVITY 2: BUILD AN ARGUMENT

Using evidence from your sources, write a 5-sentence paragraph arguing: **Was the Harlem Renaissance primarily a cultural achievement, a political act, or both?** Include a claim, at least two pieces of evidence, and a conclusion.

ACTIVITY 3: THE LIBRARY'S ROLE

Name one resource in this library that connects directly to the Harlem Renaissance. How would you help a younger student find it?
